Helpful Hints for your Insurance

- ✓ Valuables such as jewellery should be re-valued every 5 years because replacement costs can change over time.
- ✓ Common entry points for a burglar are glass sliding doors windows and via the roof – review your security measures such as door locks, window locks and alarm systems on a regular basis.
- ✓ If you under-insure your home and contents you could suffer a financial loss. You might find it costs only a little extra in premium to increase your cover for full replacement values on today's costs. We can assist you with determining these values.
- ✓ Even if you don't own a dog consider hanging a 'beware of the dog' sign at your outside gate. It might be enough to steer a thief away from your home.
- ✓ Landlords – If you have an investment property you would be only too aware of the problems associated with being a landlord.
Some of the problems include:
 - Damage caused by tenants
 - Loss of rent from tenant default
 - Departure of a tenant without noticeThe good news is that there is a special Landlords' Policy available to cover these problems. Ask us about it.

IMPORTANT NOTICES

The sum insured you select must be sufficient to allow for full replacement of your home and contents in the event of a major loss occurring. Otherwise you would have to contribute the balance yourself to reinstate your home and contents in excess of the sum insured.

The policy naturally contains cover limitations and exclusions so you will need to refer to the Product Disclosure Statement and Policy Document to confirm its suitability to you. A complete Product Disclosure Statement/Policy Document is available upon request from our office or online at www.fitzpatrick.com.au This information is provided as General Advice only to assist you to understand the Benefits/Options of the policy coverage.
